All WIC offices should have risk management and business continuity plans, but very few WIC professionals have ever really examined the nature of risk management and business continuity planning. This course will take the WIC professional through a streamlined, user-friendly approach to risk management and business continuity planning. Having these plans in place will help you and your clients to get back to the important work of WIC!

Please join us for this **FREE** three-part webinar led by [Peggy M. Jackson](#), DPA, CPCU, who is a Principal of Peg Jackson & Associates. Dr. Jackson is an author, consultant, and nationally recognized lecturer on risk management, business continuity planning, and Sarbanes-Oxley compliance and serves as the NWA Leadership Academy's Academic Advisor.
